International Agricultural Research**

**LIST OF DEPARTMENTAL FILES
CREATED BETWEEN 1 JULY 2020 AND 31 DECEMBER 2020**

Australian Centre for International Agricultural Research (ACIAR)

Research and Procurement

AGB2020170	Market aware research for development of the smallholder sub/tropical fruit sector in Northwest Vietnam and engaging the Northern Vietnam domestic market and export markets.
AGB2020171	Learning by doing policy adjustment to improve smallholder connectedness to agri-food chains and markets in Lao and Vietnam
AGB2020183	Research for development of higher value sustainable robusta coffee chains in Indonesia
AGB2020189	Integrating smallholder households and farm production systems into commercial beef supply chains established by Australian live cattle imports into Vietnam
CLIM2020211	Defining GHG inventory system priorities for agriculture
CROP2020185	Conservation Agriculture and Sustainable Intensification of Smallholder Farming Systems in Pacific Countries as a Pathway to Transformational Climate Change Adaptation and Reducing GHG Emissions
CROP2020186	Conservation Agriculture and Sustainable Intensification Systems for Transformational Climate Adaptation and GHG Mitigation in Pacific Island Countries
CROP2020202	Farmers' Hubs as a vehicle to deliver solutions and services to farming communities
CS2020191	CS/2020/191 Adopting a gender-inclusive participatory approach to reducing horticultural food loss in the Pacific
CS2020192	Systems approach to address food loss in poultry and goat value chains
CS2020193	CS/2020/193 Developing food loss reduction pathways through smart business practices in mango and tomato value chains in Pakistan and Sri Lanka
CS2020200	A qualitative comparative analysis of the impact ACIAR's agricultural research for development work
CS2020209	Food loss in the catfish value chain of the Mekong River Basin
CS2020210	Managing Food Value Chains for Improved Nutrition for Urban Vulnerable Populations in Africa (Africitiesfood)
CS2020212	Agri-food systems transformation through circular migration between Pacific Islands and Australia
FIS2020172	Coalitions for change in sustainable national CBFM programs in the Pacific
FIS2020173	Cultivating 21st century food citizens in the Pacific: Building food literacy to transform food environments that support families to make healthy choices
FIS2020174	A new era for managing Pacific Island sea cucumber fisheries
FIS2020175	Blue economy: Valuing the carbon sequestration potential in oyster aquaculture
FIS2020187	Improving fisheries and aquaculture resilience to climate change impacts in Indonesia

FIS2020188	Transformational Responses to Climate Change in Small-Scale Aquaculture in Melanesia: A Scoping Study with a Focus on Opportunities for Women
FST2020184	Identifying and managing behavioural barriers to adoption in smallholder agroforestry systems
HORT2020190	Building a business case for investment in a coconut industry in the Pacific
LS2020203	COVID-19: gendered risks, impact & response in the Indo-Pacific: Rapid research and policy guidance
LS2020204	Rapid Assessment of the Impact of COVID-19 on Wet Market Reforms: Case Studies from Vietnam, Kenya, and the Philippines
LS2020206	Vulnerability in the Anthropocene: a prospective analysis of the need for social protection
LS2020207	Livestock Climate Lens Part 1: Data Landscape Analysis
WAC2020177	Cost-Benefit Analysis of Ethical Community Engagement in SIAGI Project
WAC2020178	Transformational pathways for Pacific fisheries communities
WAC2020179	Opportunities for brackish and saline aquaculture in Pakistan
WAC2020180	Linking farmer learning to irrigation governance in Pakistan
WAC2020181	Agriculture in Digital Earth Africa
WAC2020182	Role of groundwater in agrarian change in West Bengal and Bangladesh: A comparative analysis
WAC2020201	Voluntary Carbon Offsets - Improving Access for Small Holder Farmers
