**Australian Centre for
International Agricultural Research**

**LIST OF DEPARTMENTAL FILES
CREATED BETWEEN 1 JANUARY 2021 AND 30 JUNE 2021**

Table of Contents

Australian Centre for International Agricultural Research (ACIAR)	3
Research Programs	3

Australian Centre for International Agricultural Research (ACIAR)

Research Programs

AGB2021102	Flexible Fund for Private Sector Engagement
AGB2021123	Kwale Agricultural Research for Development Project, Kenya (KAPK)
AGB2021124	Evaluating supply chain interventions and partnerships to sustainably grow the smallholder dairy sectors of Indonesia and the Philippines.
AGB2021125	Creating resilient communities through smallholder-inclusive tourism markets in Indonesia
CLIM2021109	MAC-B: Mitigation adaptation co-benefits modelling trial in Bangladesh
CLIM2021110	Institutional barriers to effective climate response through a gendered lens
CLIM2021111	Building systemic resilience through accelerating innovation systems
CLIM2021137	Locally led learning to turn polders into flexible assets for adaptation
CLIM2021138	Enabling Mekong mangroves to support sustainable agri-business transformation under climate change
CROP2021129	Sustainable cassava farming systems in uplands of Laos
CROP2021130	Finding a genetic base for oil palm responses to Basal Stem Rot in a long-term infected block
CROP2021131	Relieving soil constraints for sustainable intensification of cropping in Timor Lester
CROP2021132	Resilient and profitable pulses production in Pakistan
CS2021115	Managing Food Value Chains for Improved Nutrition for Urban Vulnerable Populations in MZUZU City (Malawi) (AfricitiesFood)
CS2021116	Expansion and Deepening of ASTI Activities in the Indo-Pacific
FIS2021112	Institutional effectiveness and political economy of coral reef restoration in the Philippines
FIS2021113	Strengthening agricultural resilience in Western Province: methods for place-based livelihoods approach
FIS2021121	Supporting grouper farming smallholders in Vietnam to improve their SME businesses by engaging with aquafeed companies to produce commercial feeds
FIS2021122	Strengthening agricultural resilience in Western Province: Mapping assets for place-based livelihoods across the region
FST2021114	Variation 2 to Enhancing livelihoods through improved forest management in Nepal
FST2021145	Retaining the Jewels in the Crown: Kalimantan Peat Forest Remnants
FST2021146	Kava Land Use Changes

- FST2021147 Growing the Future: Better Forestry in Uganda
- HORT2021101 Scoping future research and development needs for the PNG cocoa industry
- HORT2021141 PICfood: Driving vegetable food environments to promote healthy diets in Pacific Island Countries
- HORT2021142 Schools as platforms to promote local production and value chain diversification to improve income, dietary diversity and nutrition in Kenya and Uganda
- HORT2021143 Safe, fresh, year-round vegetables in Cambodia and Lao PDR through research and development support of whole supply chain agribusiness networks
- HORT2021144 Building capacity to prepare for and manage exotic pests and diseases in PNG and Cambodia
- LS2021126 Bacterial enteropathy and nutrition study in poultry (BEN)
- LS2021127 Use of LCR formulation systems for Asia cattle producers
- LS2021128 Rapid transformation of Lao beef sector - biosecurity, trade, and smallholders
- SLAM2021104 Testing and refining the Comprehensive Framework of Response Assessment in the Philippines
- SLAM2021105 AR4D pathways, partners and opportunities in Myanmar
- SLAM2021106 Soil constraints, institutional capacity and research opportunities in Eastern Gangetic Plains
- SLAM2021107 Developing and translating soil health information in Bangladesh with farmers and for farmer to build resilient agricultural systems
- SLAM2021139 Indonesian peatland fire and restoration management (FST/2016/144) costed extension
- SLAM2021140 Identifying soil constraints, risks and knowledge gaps in Eastern Gangetic Plains agricultural systems
- SSS2021100 Assessment of Indonesia's Agricultural Innovation System
- SSS2021117 Costed Variation for Project SSS/2018/137
- SSS2021118 Building adaptive masculinities to increase productivity and reduce gender-based violence in PNG farming
- SSS2021119 Enhancing agricultural livelihoods and community economy supply chains in vegetable production, Mindanao, The Philippines
- SSS2021120 Climate-smart coastal landscapes for sustaining fisheries-based livelihoods and food security in the Pacific
- WAC2021103 Supporting inter-provincial water allocation decision making in Pakistan
- WAC2021134 Groundwater management in Pakistan
- WAC2021135 Water for fish and irrigation in the Mekong
- WAC2021136 Trees for Salinity Management, Sindh, Pakistan
