## Australian Centre for International Agricultural Research (ACIAR)

### Research Projects

WAC/2024/100	RESEARCH AND DEVELOPMENT - Food and Water Security in Southern Africa
CLIM/2024/101	RESEARCH AND DEVELOPMENT - Evaluating carbon markets as a pathway to establishing climate resilient coffee agroforestry systems in Papua New Guinea
WAC/2024/102	RESEARCH AND DEVELOPMENT - Food and Water Security in Sub Saharan Africa - Phase 2
CROP/2024/103	RESEARCH AND DEVELOPMENT - Nitrogen fertiliser use in Bangladesh: scoping research opportunities for higher efficiency
CLIM/2024/104	RESEARCH AND DEVELOPMENT - Shifting agro-ecological zone boundaries under climate change at country scale in Africa
FIS/2024/105	RESEARCH AND DEVELOPMENT - The value of using a South-South Triangular Cooperation approach in mariculture for Cambodia and Indonesia
CROP/2024/106	RESEARCH AND DEVELOPMENT - Survey of lentil viral diseases in Nepal
SSS/2024/107	RESEARCH AND DEVELOPMENT - Support policymakers and farmers in green agriculture reform: Rice production in Vietnam
SSS/2024/108	RESEARCH AND DEVELOPMENT - Viet Nam small holder farmers: challenges and opportunities for a sustainable future
SSS/2024/109	RESEARCH AND DEVELOPMENT - Agricultural Policy Development in Mongolia
FIS/2024/110	RESEARCH AND DEVELOPMENT - Increasing capacity in population biology and harvest strategy implementation for sustainable tuna fishing and food security in Indonesia
CROP/2024/111	RESEARCH AND DEVELOPMENT - Australian Component of Resilient and Profitable Pulses Production in Pakistan
CROP/2024/112	RESEARCH AND DEVELOPMENT - Firming up marker trait association in a long term trial of oil palm in Basal Stem rot infected plots
AGB/2024/115	RESEARCH AND DEVELOPMENT - Strengthening Productivity in Agribusiness through Research in Kwale (SPARK)
SLAM/2024/116	RESEARCH AND DEVELOPMENT - Carbon flux pathways: from ecosystem to the global carbon market
HORT/2024/117	RESEARCH AND DEVELOPMENT - Preparedness and management of huánglóngbìng (Citrus greening disease) to safeguard the future of citrus industry in Australia, China and Indonesia. Phase 2
FIS/2024/120	RESEARCH AND DEVELOPMENT - South East Asia coral larval restoration network
WAC/2024/121	RESEARCH AND DEVELOPMENT - Lake Poso Resource Assessment
HORT/2024/122	RESEARCH AND DEVELOPMENT - Benchmarking Mango Breeding and Genomics
HORT/2024/123	RESEARCH AND DEVELOPMENT - Mapping postharvest capabilities across the Asia-Pacific region and establishing a sustainable regional postharvest network
FIS/2024/124	RESEARCH AND DEVELOPMENT - InFish: Sustainable River Development for Indonesian Inland Fisheries
