Research Projects	3

Australian Centre for International Agricultural Research (ACIAR)

Research Projects

HORT/2025/100	RESEARCH AND DEVELOPMENT - Building mechanisms to respond to and manage emerging pests and diseases of horticultural crops in the Pacific islands
AGB/2025/101	RESEARCH AND DEVELOPMENT - Understanding markets, value chains and the policy environment for medicinal plants in Vietnam
SLAM/2025/102	RESEARCH AND DEVELOPMENT - REFOCUS- creating productive climate resilient cropping systems that enhance the livelihoods of vulnerable farmers
SSS/2025/103	RESEARCH AND DEVELOPMENT - Agriculture, Food, and Nutrition Policy (AFNP) Program: Agriculture Research to Inform Growth
SLAM/2025/104	RESEARCH AND DEVELOPMENT - Meeting community needs through carbon markets, governance and recognition of natural capital
HORT/2025/105	RESEARCH AND DEVELOPMENT - Pakistan and Cambodia Banana
CROP/2025/106	RESEARCH AND DEVELOPMENT - Rapid cooking beans phase two
HORT/2025/108	RESEARCH AND DEVELOPMENT - Sustaining responsive crop health and biosecurity capacity in the Pacific Islands in the face of a changing environment
CROP/2025/109	RESEARCH AND DEVELOPMENT - Biological control of Mistflower (<i>Ageratina riparia</i>)
SSS/2025/110	RESEARCH AND DEVELOPMENT - Towards integrated water management solutions for water and food security in Timor-Leste
SSS/2025/111	RESEARCH AND DEVELOPMENT - Agri-Inputs and One-Health in Cambodia: pathways to enhanced agricultural resilience
SSS/2025/113	RESEARCH AND DEVELOPMENT - Scoping Pathways to Improved Biosecurity Outcomes for Indonesia
SLAM/2025/114	RESEARCH AND DEVELOPMENT - Expanding climate resilient farming systems in Vietnam's MRD region
FST/2025/115	RESEARCH AND DEVELOPMENT - Forest Conservation and Sustainable Livelihoods through Nut Processing in the Kokoda Track Region
AGB/2025/116	RESEARCH AND DEVELOPMENT - Evidence and lessons from the Virtual Irrigation Academy for improving the sustainability of scaling through innovative business models
FIS/2025/117	RESEARCH AND DEVELOPMENT - Supporting development of the mabé pearl sector in Khánh Hòa, Vietnam

FIS/2025/118	RESEARCH AND DEVELOPMENT - Improved nutrition outcomes from safe aquatic foods and sustainable fisheries in Timor-Leste
FST/2025/119	RESEARCH AND DEVELOPMENT - Favouring Forests through Increased Value (FIV)
FIS/2025/121	RESEARCH AND DEVELOPMENT - Enhancing <i>Penaeus monodon</i> health and production in the Philippines through harnessing genetic potential, surveillance, and novel therapeutic approaches
SSS/2025/122	RESEARCH AND DEVELOPMENT - Green Rural Transformations
SSS/2025/123	RESEARCH AND DEVELOPMENT - Evaluating the Implications of Climate Change for Rural Transformation in the Lower Mekong Sub-Region
AGB/2025/124	RESEARCH AND DEVELOPMENT - Pathways to Enduring Peace: Enhancing Market Linkages for Climate-Resilient Agriculture in Mindanao
SSS/2025/125	RESEARCH AND DEVELOPMENT - Pathways for Future Farmers in Philippines
HORT/2025/126	RESEARCH AND DEVELOPMENT - Integrated Management of Banana Fusarium wilt of SE Asia – scaling (Banana Ecological Management of Constraints and Challenges (Emc ²))
HORT/2025/127	RESEARCH AND DEVELOPMENT - Future-proofing mango: genomic conservation and climate adaptation strategies
