Research Projects

CROP/2026/100	RESEARCH AND DEVELOPMENT-Objectively evaluating effect of adopting Virtual Agronomist and enhancing its capabilities
SSS/2026/101	RESEARCH AND DEVELOPMENT-Better Use of Agriculture Inputs for Sustainable Food Systems in Cambodia
WAC/2026/102	RESEARCH AND DEVELOPMENT-Groundwater Resources and Assessment for Agriculture in Eastern and Southern Africa
AGB/2026/103	RESEARCH AND DEVELOPMENT-Supporting low-emissions, high quality rice value chains in the Vietnamese Mekong Delta
SSS/2026/104	RESEARCH AND DEVELOPMENT-Pathways to Prosperity: Scaling Community-Led Water and Food System Innovations for Resilient Communities in Timor-Leste
AAPCRA/2026/105	RESEARCH AND DEVELOPMENT-Pathways for Regenerative Food Systems from Vanuatu to Ghana
SSS/2026/106	RESEARCH AND DEVELOPMENT-Institutional Innovations for Cattle Market-Chain Development in Lao PDR
FIS/2026/107	RESEARCH AND DEVELOPMENT-Building Foundational Fisheries Management Capacity in Timor Leste
FIS/2026/108	RESEARCH AND DEVELOPMENT-Baseline assessment of the biology, ecology, and socio-economic dimensions of the freshwater eel fishery in the Sepik River, Papua New Guinea, to inform sustainable management
AAP/2026/109	RESEARCH AND DEVELOPMENT-Pathways for supporting climate resilient Indigenous food systems in Ghana
HORT/2026/110	RESEARCH AND DEVELOPMENT-Strengthening Sustainable Citrus Production Systems in Indonesia through Integrated Management of Huanglongbing (HLB)
FST/2026/111	RESEARCH AND DEVELOPMENT-Supporting agri-environmental health outcomes in Honiara Catchment
AAP/2026/112	RESEARCH AND DEVELOPMENT-Promoting Climate-Smart Aquaculture in Egypt and Nigeria
WAC/2026/113	RESEARCH AND DEVELOPMENT-Food and Water Security in Sub Saharan Africa - Phase 2: Development of VIA Data System
FIS/2026/114	RESEARCH AND DEVELOPMENT-Multi-scale governance support for coral restoration in the Philippines
SSS/2026/115	RESEARCH AND DEVELOPMENT-IndoTRANSFORM: Testing a Systems Approach to Strengthen Research-to-Policy Impact in Indonesia’s Agrifood Systems

SSS/2026/116	RESEARCH AND DEVELOPMENT-Strengthening evidence use for Resilient Food Systems in Timor-Leste through improved knowledge governance
FST/2026/117	RESEARCH AND DEVELOPMENT-Okari Nut Value Chain Development for Sustainable Livelihoods in the Kokoda Track Region, PNG
CROP/2026/119	RESEARCH AND DEVELOPMENT-Targeted biological nitrogen fixation improvements in cowpea and common bean for East and West Africa
SLAM/2026/120	RESEARCH AND DEVELOPMENT-Nematode Management for Soil Health Systems and Improved Crop Production in the Philippines
LS/2026/121	RESEARCH AND DEVELOPMENT-Enhancing dairy cattle productivity in the Philippines through genetics, reproduction and integrated climate-resilient feed management
SLAM/2026/122	RESEARCH AND DEVELOPMENT-Resilient cocoa systems for Ghana's smallholders: Scaling cost-effective P and K management in acidic soils
CROP/2026/123	RESEARCH AND DEVELOPMENT-Deployment of novel sources of resistance to Wheat Blast
CROP/2026/124	RESEARCH AND DEVELOPMENT-Continuing the acceleration of genetic gain in wheat through hybrid breeding in Bangladesh, Pakistan, Ethiopia and Egypt
AAPCRA/2026/125	RESEARCH AND DEVELOPMENT-RISE-Sorghum: Building Regional Sorghum Innovation Systems in Africa
AAP/2026/126	RESEARCH AND DEVELOPMENT-RISE-Sorghum: Building Regional Sorghum Innovation Systems in Africa
AGB/2026/127	RESEARCH AND DEVELOPMENT-Scaling Sorghum Innovations: Climate Resilient Value-Added Sorghum for Africa
AGB/2026/128	RESEARCH AND DEVELOPMENT-Institutionalising Research–Business Collaboration for Inclusive Agribusiness Growth through the Agribusiness Reference Group (ARG) in Pakistan
AAP/2026/129	RESEARCH AND DEVELOPMENT-Translating soil health into farm system resilience: Scaling conservation agriculture across crop-livestock systems in Morocco
AAP/2026/130	RESEARCH AND DEVELOPMENT-Bridging the gap in water productivity in agricultural systems in Egypt and Morocco
CROP/2026/131	RESEARCH AND DEVELOPMENT-RISE-Sorghum: Building Regional Sorghum Innovation Systems in Africa
AAP/2026/132	RESEARCH AND DEVELOPMENT-Building climate resilient tree commodity agroforestry systems in Ghana through improved tree-soil interactions
AAP/2026/133	RESEARCH AND DEVELOPMENT-Resilient cocoa systems for Ghana's smallholders: Scaling cost-effective P and K management in acidic soils
FIS/2026/134	RESEARCH AND DEVELOPMENT-Scalable innovations and national Philippines network for regenerating reef-corals and fish communities

AAP/2026/135	RESEARCH AND DEVELOPMENT-Climate Resilient Feeding Systems for Livestock in Ghana
AAP/2026/136	RESEARCH AND DEVELOPMENT-Climate Resilient Feeding Systems for Livestock in Nigeria
AAP/2026/137	RESEARCH AND DEVELOPMENT-Identifying approaches for scaling conservation agriculture across crop-livestock systems in Morocco
AAP/2026/138	RESEARCH AND DEVELOPMENT-Building partnerships for sustainable agroforestry systems in Ghana
AAP/2026/139	RESEARCH AND DEVELOPMENT-Supporting climate-resilient and nutritious sweetpotato value chains in Ghana and Nigeria
SSS/2026/140	RESEARCH AND DEVELOPMENT-Timor-Leste Food System Futures: Designing Resilience under Climate Change
SSS/2026/141	RESEARCH AND DEVELOPMENT-Strengthening Research-to-Policy Translation in Indonesia's Agrifood Systems
SSS/2026/142	RESEARCH AND DEVELOPMENT-Strengthening Pastoral Value-Chains for Inclusive Rural Transformation in Mongolia
SSS/2026/143	RESEARCH AND DEVELOPMENT-Enabling Viet Nam's Low-Emission Rice Transition Through Evidence-Based Policy Design
CROP/2026/144	RESEARCH AND DEVELOPMENT-Climate-resilient taro improvement for Papua New Guinea and the Pacific
FIS/2026/145	RESEARCH AND DEVELOPMENT-Strengthening seed supply and low input aquaculture systems for Kenyan coastal farmers
AAP/2026/146	RESEARCH AND DEVELOPMENT-CAIGE – Cereal Improvement for Morocco and Egypt: Co-Acceleration of International Germplasm Evaluation for Climate Resilience
AAP/2026/148	RESEARCH AND DEVELOPMENT-Enhancing Food Security by Scaling Biocontrol Solutions for Fall Armyworm Management in Malawi, Zambia and Zimbabwe
AGB/2026/149	RESEARCH AND DEVELOPMENT-Strengthening Productivity in Agribusiness through Research in Kwale Phase 2 (SPARK 2)
HORT/2026/150	RESEARCH AND DEVELOPMENT- Towards profitable and resilient citrus production systems in Lao PDR
HORT/2026/151	RESEARCH AND DEVELOPMENT-Towards profitable and resilient citrus production systems in Vietnam
HORT/2026/152	RESEARCH AND DEVELOPMENT-Vegetable Safety and Consumer Trust in Urban Vietnam
HORT/2026/153	RESEARCH AND DEVELOPMENT-Integrated Management of Transboundary Banana Diseases in Eastern and Southern Africa: Strengthening Biosecurity, Innovation, and Smallholder Resilience

HORT/2026/154	RESEARCH AND DEVELOPMENT-Tomato Leafminer – emerging threat for Asia Pacific
AGB/2026/156	RESEARCH AND DEVELOPMENT-Scaling Quality-Contingent Contracts to Enhance Women's Economic Participation in Sri Lanka's Fresh Produce Markets
FST/2026/157	RESEARCH AND DEVELOPMENT-Transformative agroforestry pathways in Southeast Asia
FST/2026/158	RESEARCH AND DEVELOPMENT-Resilient outcomes through on-farm tree and bamboo-based systems in Churia, Nepal
FST/2026/159	RESEARCH AND DEVELOPMENT-Improving livelihoods through sustainable management and value-chain development of NTFPs in community forestry systems of Nepal
FST/2026/160	RESEARCH AND DEVELOPMENT-Assessing African mahogany as a high-value timber option for community forestry and local wood processing in Papua New Guinea
SLAM/2026/161	RESEARCH AND DEVELOPMENT-Soil security is food security: strengthening soil-based food production systems in atoll countries
SLAM/2026/162	RESEARCH AND DEVELOPMENT-Supporting national soil strategy pathways in Pacific countries
SLAM/2026/163	RESEARCH AND DEVELOPMENT-Strengthening Fertiliser Security through Soil-Informed Advisory and Delivery Systems
AAP/2026/164	RESEARCH AND DEVELOPMENT-West Africa Aggregator Service Platform (WAASP): Scaling Climate-Smart Agricultural Water Technologies for Smallholder Farmers
AAP/2026/165	RESEARCH AND DEVELOPMENT-Water-Smart Circular Agriculture and Value Chain Development in West Africa
FIS/2026/166	RESEARCH AND DEVELOPMENT-Work integrated learning and training to increase aquaculture production and commodity diversification in Papua New Guinea
WAC/2026/167	RESEARCH AND DEVELOPMENT-Integrated Food Systems and Water Security in Southern Bangladesh and West Bengal, India
WAC/2026/168	RESEARCH AND DEVELOPMENT-Catalysing the remittance economy to support sustainable agrifood system investment in Nepal and Zimbabwe
WAC/2026/169	RESEARCH AND DEVELOPMENT-From Sensors to Solutions: Transforming Water Intelligence for Climate-Resilient Agriculture in Punjab
WAC/2026/170	RESEARCH AND DEVELOPMENT-Integrated strategies for improving soil, land, water, smallholder productivity and climate-resilient agrifood systems in Zimbabwe
WAC/2026/171	RESEARCH AND DEVELOPMENT-Supporting smallholder livelihoods through improved water tower management in Kenya

WAC/2026/172	RESEARCH AND DEVELOPMENT-Sustainable scaling of inclusive, climate-resilient diversified food systems in the Eastern Gangetic Plains (Rupantar Phase 2)
WAC/2026/173	RESEARCH AND DEVELOPMENT-Advancing Circular Food Systems in Africa
WAC/2026/174	RESEARCH AND DEVELOPMENT-Enhancing the Resilience, Productivity and Market Integration of Irrigation Schemes in Mozambique under Flood-Induced Climate Risk
AAP/2026/175	RESEARCH AND DEVELOPMENT-Enhancing Nitrogen Fixation and Soil Fertility through Improved Rhizobium–Chickpea Interactions in Dryland Systems of North Africa
SLAM/2026/176	RESEARCH AND DEVELOPMENT-Building Soil-to-Forage Pathways for Climate-Resilient Livestock Systems in East Africa
SLAM/2026/177	RESEARCH AND DEVELOPMENT-Country-tailored soil biology and nutrient management for resilient crop productivity in South Asia
SLAM/2026/178	RESEARCH AND DEVELOPMENT-Soil and land suitability for sustainable horticultural expansion in Pakistan
CROP/2026/179	RESEARCH AND DEVELOPMENT-Enhancing Bangladesh Smallholder Livelihoods Through Integrated Crop - Livestock Systems
