Global

Project code

GMCP/2016/042

project leaders and ACIAR would consider should they wish to successfully implement CommCare into projects in the future. This was done via capturing the metadata around CommCare implementation by the four partner projects and the support provided.

ACIAR

Overview

This Small Research and Development Activity aimed to provide and evaluate direct support to the four core projects partnering in MAD 2 to ensure a healthy and sustainable deployment of CommCare, while evaluating the support options and process to guide future projects seeking to address digital data collection apps.

This Activity aimed to understand the costs involved, the resources to be provided, and support options that
